

This is Mark Savage, Principal of Wakefield High School with your weekly announcement. Copies of this announcement will be posted on our school's website.

On Friday, November 16th some 9th and 10th graders received letters regarding the Online Computer Skills Test from our Testing Coordinator, Staci Lyon. The Online Computer Skills Test is a required state test for students to graduate with a high school diploma. Students that received letters have either not taking the test or have not successfully passed the test. The test will be administered to all eligible 9th/10th graders beginning December 3rd. If your son/daughter received a letter, please encourage him/her to use the websites provided on the letter to practice the necessary skills required to be successful prior to taking the test. If you have any questions or concerns regarding the test, you may contact Mrs. Lyon at 562.6132 or via email at slyon@wcpss.net. Thank you.

Parents may not drive in the bus parking area for drop-off in the morning or afternoon. This is very dangerous since students are trying to get to their 1st period class or student parking lot.

Thank you, Goodbye.
